## DETAILED ACTION

### *Election/Restrictions*

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-15, drawn to a composition containing at least 70% by weight of monoterpenes with three unsaturations.

Group II, claim(s) 16-22, drawn to a method for oral treatment comprising administration to a patient a composition comprising terpenoid oil and 65% limonene oil.

Group III, claim 23, drawn to a composition comprising monoterpenes with three unsaturations in the range from .04 to about 5.0% by weight.

Group IV, claim 24, drawn to a composition comprising monoterpenes with three unsaturations in the range from 0.1% to about 2.0%.

Group V, claim 25, drawn to a composition comprising monoterpenes with three unsaturations in the range from about 0.15% to about 10%.

Art Unit: 1654

Group VI, claim 26, drawn to a composition comprising monoterpenes with three unsaturations in the range from about 0.2% to about 5% .

Group VII, claim 27, drawn to a composition comprising monoterpenes with three unsaturations in the range from about 0.4% to about 5.0%.

Group VIII, claim 28, drawn to a composition comprising monoterpenes with three unsaturations in the range from about .75% to about 3%.

Group IX, claim 29, drawn to a composition comprising monoterpenes with three unsaturations in the range from about 1.5% to about 2.0%.

The inventions listed as Groups I-IX do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Groups II-IX do not contain 70% of monoterpenes, nor do they contain the specific carriers as recited in claim 1.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
